LET US DO THE WORK FOR YOU!!!

Comprehensive Building Upgrade

Includes low and no cost measures that save 10-25% *just* in electric bills:

- Formal ASHRAE Level 1 Energy Audit
- Analysis of energy bills, systems and facility
- Implement lighting & energy efficiency
- Access tax incentives
- Learn to use ENERGY STAR Portfolio Manager Tracking Tool
- Gain water savings-indoor & outdoor
- Apply green office and kitchen supplies and practices
- Implement Environmental Purchasing Policy
- Learn Solar options
- Energize and create team spirit within employees
- Know Marketing strategies

Benefits:

- Lower energy and water bills with low and no cost strategies
- ROI within a few months
- Value of building improves exponentially
- Increase productivity (for employees or as marketing strategy for tenants)
- Improve tenant comfort with building temperature control
- Extend equipment life via assurance that it operates as designed
- Be seen as an Eco Steward by your community
- Enhance your visibility and credibility
